Il cerchio come simbolo perfetto della totalità che esprime armonia ed equilibrio per questa linea di tavoli e coffee table di diverse dimensioni che gioca sul dualismo delle lavorazioni e prevede una finitura per metà liscia e per metà sabbiata. Forme pure, progettate per valorizzare l'estrema duttilità della materia, ben si adattano agli ambienti interni o agli spazi outdoor.

The circle as a perfect symbol of totality that expresses harmony and balance for this line of tables and coffee tables of different sizes that plays on the dualism of the processes and provides a finish that is half smooth and half sandblasted. Pure shapes, designed to enhance the extreme ductility of the material, are well suited to indoor or outdoor spaces.
