

PLURAL P02003

DESIGN:
JORGE PENSI DESIGN STUDIO

Plural is a modern seating program with lightweight features and minimalist style. It's designed for a multifunctional and changing world, for people and their work, relax and leisure activities. The shells and the tops are in fire retardant polypropylene reinforced with glass fibres, the frame is made of die-casted aluminium, powder coated or chromed finish. The versatility of its components enables multiple versions with three, four, six or nine seats and with upholstered seat as option. A USB kit integrated in the top is also available.
