

JAZZ 3718

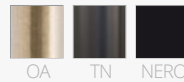

DESIGN:
PEDRALI R&D

Harmony of shapes, elegance and ergonomics are the main features of Jazz barstool. A cosy seat, a curved and embracing backrest, supported by a thin steel frame Ø16mm, guarantee a great balance of proportions and profiles. Seat and backrest are separated by an opening that makes the barstool functional and gives lightness. A high level of customization is possible thanks the combinations of the upholstery, in fabric or leather, and the different finishes of the steel. Height 770mm.
