

# Drum.

Berlin-born, London-based Corinna Warm is praised for her innovative and surprising work. Like Drum, which holds fruit without a bowl and flowers without a pot. Place a wooden lid on it, to create a regular coffee table with storage space. Perhaps we should just call it a bowl-tray-table?

**Design** Corinna Warm

**Material**  
Table top (bowl): Ash wood in natural lacquer or white, black lazur finish. Or bowl in aluminum, white or black lacquered (inner bowl in plastic).  
Base: Steel base in white or black lacquer.
