TORCELLO sgabello stool —

Una famiglia di sedute accomunate da un linguaggio iconico. Torcello si ispira alla forma familiare delle panchine in cemento, con un contrasto tra le solide proporzioni, che danno un positivo senso di stabilità, e la leggerezza della costruzione.

A family of seats joined by an iconic language. Torcello is inspired by the familiar shape of concrete benches, contrasting with the solid proportions, which give a positive sense of stability, and the lightness of the construction.
